THE ULTIMATE PRIVATE ISLAND RESIDENCE

Ariara is the only fully developed private island residence in Asia, a 125-acre tropical escape featuring a luxury residence that can sleep up to eighteen guests in true six star style. The development comes equipped with all the mod cons an island owner would naturally need, including a speed boat, dive equipment, jet skis, water skis, spa, barbeque lounge and a fully trained team on hand including butlers, a chef, maids, masseuses and dive instructors.

The land rises to an elevation of 550ft with the lower levels covered in tropical forest and edged by pristine sand beaches, rainforests and jungle pathways, surrounded by the sparkling azure waters of Palawan, one of the Philippine's most magnificent archipelagos.

The island is covered by a single land title and therefore totally private and exclusive with rustic-chic luxury residences for up to eighteen guests, indoor and outdoor lounges, spacious living areas, a fully equipped state of the art kitchen and designer bathrooms with the finest European fittings.

There are no restrictions on foreign ownership - the island is offered on a leasehold basis and for investors wishing to generate a return can be rented out to discerning groups of friends or families willing to pay a very substantial rate per night for a unique experience. A framework in place for the management of Ariara which the buyers can opt to take advantage of upon purchase.

Visitors can travel 45 minutes by helicopter from Manila direct to the island's helipad, or opt for the more leisurely option of flying by private plane to Busuanga airport followed by a luxury motor yacht transfer.
