

Matrix opens 'Art on the Hill' showroom

The Matrix Development Company is seldom far from the headlines when it comes to new development projects in Pattaya, and the company recently had the pleasure in opening to the public its showroom for the unique 'Art on the Hill' development on Pratamnak Hill.

Matrix drew on post-modern art influences when they created this new 159-unit project and the company, which recently landed a gold medal from the Overseas Property Professionals organization in London for designing quality projects with advanced materials, has created a condominium complex featuring white backgrounds with black vertical and horizontal lines and multicolored designs.

Each of the seven unit designs also reflect post-modernistic touches, from the choice of available furniture to innovative use of space. Matrix placed 104 of the 159 units up for pre-sale and said that as of 1st March 99 of those condos had already sold.
